Sgt. Corral-

We are in receipt of the below FOIA requests from WBBM. Both are requesting dashboard video related to a police-involved shooting (LaQuan McDonald), recorded under HX-475653.

In CHRIS, the case is still open. I am writing to inquire if the release of any video would jeopardize, obstruct, or interfere with the investigation into this incident. If the answer is yes, can you get us detailed factual basis explaining how the release will interfere/obstruct, etc. the investigation?

Thank you,

I am a news reporter for WBBM-TV seeking information under FOIA.

Specifically, I am requesting a copy of any and all video police may have related to the shooting death of 17-year-old Laquan McDonald on October 20, 2014. The shooting happened at 41st and Pulaski.

This information would be used for newsgathering purposes.

I would prefer to pick up a copy of this video on CD, DVD or flash drive. I can provide a blank flash drive if necessary.

I may be reached at 312-446-5856. Thank you for your consideration.

**RE: FOIA Request 2014 - HX-475653**

Attached is the (3) page memo requesting an Area Central – Bureau of Detectives response to the above referenced FOIA request by WBBM-TV received via the CPD Office of Legal Affairs.

Release of the requested In-Car Camera video at this time must be denied.

The investigation into the incident in question remains Open and in-progress. Witnesses are still being interviewed, and witnesses are still being sought for interview by involved law enforcement and administrative investigative agencies. Release of the video at this time would compromise the ability of those charged with the investigation to determine the veracity of witness'/alleged witness' statements – thereby affecting the integrity and outcome of the investigation.
